# GenCyS 2025 – Capture The Flag (CTF) Competition

## Event Highlight: India's Most Awaited Cybersecurity Challenge

The **GenCyS 2025 Capture The Flag (CTF)** competition, hosted by **UST**, is a fast-paced, multi-round cybersecurity challenge where individuals and teams race to solve real-world security puzzles. Participants identify and exploit vulnerabilities to “capture” digital flags and climb the leaderboard.

The CTF is open to participants from across India and is structured in two thrilling rounds—an online qualifier and a high-stakes onsite final.

---

## Format & Timeline

### Online Qualifier Round

- **Date:** August 2, 2025
- **Duration:** 8 hours
- **Mode:** Virtual
- **Open to:** All Indian residents
- **Team Size:** Individual or teams of up to 2 members
- **Challenge Types:** Cryptography, reverse engineering, web security, forensics, binary exploitation, and more
- **Goal:** Solve as many challenges as possible to rank among the top 50 teams

### Onsite Finals

- **Date:** August 23, 2025
  - **Duration:** 24 hours
  - **Mode:** Offline (in-person)
  - **Venue:** UST Campus, Technopark Phase 2, Trivandrum, Kerala
  - **Top 50 teams** from the qualifiers will compete in the grand finale
- 

## Why Join the CTF?

- Compete against India's brightest cybersecurity minds
  - Solve real-world hacking and defense problems
  - Get recognized by top recruiters and security experts
  - Learn practical skills that go beyond textbooks
  - Boost your résumé and LinkedIn profile with CTF rankings
-

## FAQs

### **Is there a registration fee?**

No. Participation is completely free.

### **Can I participate solo?**

Yes. You can participate solo or as a team of two.

### **What tools are allowed?**

Any publicly available tools or custom scripts are allowed. No disruptive or malicious behavior against other teams is permitted.

### **What are the system requirements?**

Bring your own laptop with Linux/VM setup, basic tools (Burp, Wireshark, Ghidra, etc.), and a stable internet connection (for qualifiers).

### **Do I need prior CTF experience?**

No, but a foundational knowledge of cybersecurity will help. Challenges range from beginner to advanced.

### **What if I qualify but can't travel to Trivandrum?**

The next highest-ranked team will be invited as a replacement.
